

Subject Overview - SCIENCE

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
EYFS	ELG: The Natural World	ELG: The Natural World	ELG: The Natural World	ELG: The Natural World	ELG: The Natural World	ELG: The Natural World
Year 1	Materials: EVERYDAY MATERIALS <small>This Unit has been deliberately placed alongside the Geography subject area: My Local History</small>	Seasons: AUTUMN & WINTER <small>This Unit has been deliberately placed alongside the History subject area: Toys in Time</small>	Animals including Humans: AMAZING ANIMALS <small>This Unit has been deliberately placed alongside the History subject area: Transport & Travel</small>		Seasons: SPRING & SUMMER <small>This Unit has been deliberately placed alongside the Geography subject area: The United Kingdom</small>	Plants: COMMON PLANTS <small>This Unit has been deliberately placed alongside the History subject area: Our Seaside: Now & Then</small>
Year 2	Animals including Humans: AMIMALS – NEEDS FOR SURVIVAL <small>This Unit has been deliberately placed alongside the History subject area: Kings & Queens</small>	Materials: USE OF MATERIALS <small>This Unit has been deliberately placed alongside the History subject area: The Great Fire</small>	Living Things and their Habitats: HABITATS <small>This Unit has been deliberately placed alongside the Geography subject area: Planet Earth</small>		Living Things and their Habitats: PROTECTING OUR ENVIRONMENT <small>This Unit has been deliberately placed alongside the History subject area: They Make a Difference</small>	Plants: BULBS AND GROWTH <small>This Unit has been deliberately placed alongside the Geography subject area: Life in Kenya</small>
Year 3	Animals including Humans: SKELETON & MUSCLES <small>This Unit has been deliberately placed alongside the Geography subject area: UK: Settlement & Land Use</small>	Materials: ROCKS & FOSSILS <small>This Unit has been deliberately placed alongside the History subject area: Stone, Bronze & Iron Ages</small>	Light LIGHT & SHADOWS <small>This Unit has been deliberately placed alongside the Geography subject area: Europe: Inc. Case study - Italy.</small>		Plants: PLANTS – NEEDS FOR SURVIVAL <small>This Unit has been deliberately placed alongside the Geography subject area: Climate Zones & Biomes.</small>	Forces & Magnets: FORCES & MAGNETS <small>This Unit has been deliberately placed alongside the History subject area: Ancient Greeks</small>
Year 4	Animals including Humans: TEETH & DIGESTION <small>This Unit has been deliberately placed alongside the History subject area: Roman Invasions.</small>	Materials: STATES OF MATTER <small>This Unit has been deliberately placed alongside the History subject area: Roman Britain.</small>	Living Things and their Habitats: CLASSIFICATION & ENVIRONMENT <small>This Unit has been deliberately placed alongside the Geography subject area: Amazon: Rivers & Rainforests</small>		Sound: SOUND <small>This Unit has been deliberately placed alongside the History subject area: Maya Civilization.</small>	Electricity ELECTRICITY <small>This Unit has been deliberately placed alongside the Geography subject area: The USA .</small>
Year 5	Earth & Space EARTH & SPACE <small>This Unit has been deliberately placed alongside the History subject area: Anglo-Saxons & Scots.</small>	Forces: FORCES <small>This Unit has been deliberately placed alongside the History subject area: Vikings.</small>	Materials: PROPERTIES & CHANGES OF MATERIALS <small>This Unit has been deliberately placed alongside the Geography subject area: Asia: Mountains, Volcanoes & Earthquakes.</small>		Living Things and their Habitats: LIFE CYCLES <small>This Unit has been deliberately placed alongside the History subject area: Baghdad & the Middle East.</small>	Animals including Humans: GROWING OLD <small>This Unit has been deliberately placed alongside the History subject area: Victorians & Industrial Revolutions.</small>
Year 6	Light: LIGHT & PERCEPTION <small>This Unit has been deliberately placed alongside the History subject area: Ancient Egyptians.</small>	Living Things and their Habitats: CLASSIFICATION OF SPECIES <small>This Unit has been deliberately placed alongside the Geography subject area: Global Challenges</small>	Evolution and Inheritance EVOLUTION & INHERITANCE <small>This Unit has been deliberately placed alongside the History subject area: Conflict & Resolution.</small>		Electricity: ELECTRICITY & CIRCUITS <small>This Unit has been deliberately placed alongside the Geography subject area: Mapping the World.</small>	Animals Including Humans: CIRCULATION & LIFESTYLE <small>This Unit has been deliberately placed alongside the History subject area: Making Our Mark.</small>

Flourishing Together
